

The 3rd International Conference of Advanced Veterinary Science and Technologies for Sustainable Development

Current Technologies in Veterinary Science: Advancing Animal Health, Therapeutics, Sustainable Agriculture, and Managing Emerging Diseases.

Poster Presentation Guidelines

1. Please submit your **Poster Abstract** according to the Abstract Template Guidelines provided in the flyer or accessible at <http://ugm.id/AbstractTemplate3rdICAVESS2025>, then upload it via website during registration. Authors are allowed to submit more than one abstract.
2. A poster presenting **Original Research** is preferable.
3. The research presented **must adhere** to ethical guidelines.
4. All content should be written **in English**.
5. The poster orientation must be in **portrait** layout.
6. The poster **size** is **90 cm x 120 cm**.
7. While you may choose the **font type** and **size**, it should be clear and easy to read.
8. You can arrange the content layout as you prefer, however the layout must include the **following sections**:
 - a) Title
 - b) Authors' Name and Affiliations
 - c) Introduction
 - d) Materials and Methods (ethical clearance information can be included in this section)
 - e) Results and Discussions
 - f) Conclusion
 - g) References (APA style, 6th Edition)
 - h) Acknowledgement (here you could also mentioned: "Presented at the 3rd International Conference of Advanced Veterinary Science and Technologies for Sustainable Development (the 3rd ICAVESS) 2025"
9. Ensure that the poster is printed at a **high resolution** (minimum of 300 dpi) on art paper or a material of your choice.
10. The printed poster must be submitted as a hard copy at the registration table on **Day 1** of the conference.
